(b) if so, the reaction of Government to the parity demand of SSIs with large units; and

(c) the action proposed to be taken in this regard?

THE MINISTER OF INDUSTRY (SHRI MURASOLI MARAN): (a) Yes, Sir.

(b) and (c) The parity demanded in the news item is mainly with regard to the availability of cheaper credit as small units now pay guarantee commission charges at the rate of 2.5% over and above the interest rate. According to Reserve Bank of India, guarantee cover is obtained in respect of small units as no security is available. Banks, therefore, safeguard their interest by taking DICGC cover. This also additionally encourages banks to extend loan to SSIs. Besides, demand has been made for providing credit without collateral security. As per Reserve Bank of India guidelines/norms, for loans upto Rs. 25,000 collateral security/third party guarantee should not be taken.

SeU out of MUL
